REPORT OF CEMETERY TRUSTEES

Report of sale of lots in Town Cemetery, Pine Grove:

Lot 105 to Thelma Estough	\$100.00

Lot 197 to Charles Roberts	150.00
Lot 26 to Bernie and Marie Thompson	150.00
Total	<u>\$785.00</u>

Report of work accomplished in 1975:

1. Provided top fill for several sunken graves in the several cemeteries.
2. Prepared an additional section of Pine Grove Cemetery to make it useable for grave sites. This is an on-going program.
3. Provided mowing, trimming and general care to the several cemeteries as was possible with Town and Trust funds.
4. Trimmed the back edge of the Ridge Cemetery with the help and cooperation of the youth development program.

General comment:

The Cemetery Committee wishes to express its appreciation to the caretakers of the several cemeteries for the excellent job they did this year. Several citizens of the Town took the time to call the Committee and express their appreciation for how nice the cemeteries looked.

We again encourage the citizens of Northwood to review their trust accounts to be sure they have committed sufficient funds for the proper perpetual care of their lots. One hundred dollar trusts are not adequate for this purpose. The Committee respectfully recommends a trust fund in the amount of \$300.00 to ensure reasonable care for the immediate future.

1975 ANNUAL REPORT

RURAL DISTRICT HEALTH COUNCIL, INC.

The past year has seen an increase in the services provided by the Rural District Health Council coupled with an increase in the requests for service. As the federal government studies the cost of health care there is increased interest in home care and preventive medicine as methods of reducing costs and improving health services. The Rural District Health Council continues to qualify as a certified home health agency, implementing procedures to continue to provide quality care.

In January 1975, Mrs. Marie Dexter, R.N. joined the staff in a dual role as Referral Coordinator at the Frisbie Memorial Hospital where she is a member of the Utilization Review Committee, and also as staff nurse for the agency, providing skilled care for the towns of Barrington and Strafford. The addition of a Health Aide, Mrs. Joan Menez, has enabled the Council to better utilize the professional staff while continuing to provide quality care.

Along with the regular skilled nursing services provided in the home, members of the agency staff conduct adult screening clinics monthly in Northwood and Farmington which was requested by senior citizen groups in those towns. They also participate in the aftercare program in cooperation with the Strafford County Guidance Center and the Seacoast Counseling Center, assist local groups with area screening programs, participate in health planning and, by contract, supervise health aides in the Strafford County Homemaker - Home Health Aide Program. The Maternal and Child Health Program is very active, providing regular physical examinations, immunizations and dental care for children 0-6 years enrolled in the Well Child Clinic. The agency staff also does home visiting to the patients participating in the Strafford County Prenatal and Family Planning Program and the Exeter Area Family Planning Program.

The strength of the Council lies in the efficiency and dedication of its staff. In addition to the two persons mentioned above, members of the professional staff are Mrs. Ardela Houle, R.N. Agency Supervisor; Miss Arlene Thorne, R.N., Maternal and Child Health nurse; Mrs. Barbara Drew, R.N.; Mrs. Myrtle Walsh, R.N.; Mrs. Lucy Myers, R.N.B.S.; Mrs. Bernadette Cameron, R.N.; and Mrs. Kathleen Hansen, RPT. The office duties are ably handled by Mrs. Norma Davis and Mrs. Eleanor Eaton.

The Rural District Health Council has been requesting \$1.00 per capita from member towns since 1969. As a result of the recent inflationary times and increase in services provided, it has been necessary, therefore, to increase the per capita request from each town by 10¢ to enable the Council to continue to provide these services.

During the past year the Council has made 634 home visits and 179 well child visits, making a grand total of 813 visits for the Town of Northwood.

Anyone interested in additional information is urged to contact the Rural District Health Council, P. O. Box 563, 6 South Main Street, Farmington, New Hampshire. Telephone 755-2989 between the hours of 8:00 A.M. and 4:00 P.M. Monday through Friday.

Cynthia Blood, R.N.
Executive Director

The Well Child Clinic is held at Northwood Town Hall on the first Monday of each month. Contact Mrs. True W. Chesley (942-8697) for information and appointments.

The Mini Clinic is held at Northwood Town Hall on the third Wednesday of each month at 1:30 P.M. No appointment is necessary.

NORTHWOOD COMMUNITY ACTION PROGRAM REPORT

The 1975 Community Action Program ran from June 23 through July 18. We found that the new times 9 A.M. to 1:30 P.M. were best, so the children did not become fatigued, or over-tired of group run activities. Our average daily attendance the first two weeks was 63, and the second two weeks was 33. The drastic falling off of the latter two weeks was due to the Red Cross Swimming Program at Northwood Lake being run at the same time as CAP. I strongly recommend that these two programs join together next year, or at least run at separate times so the children can enjoy both.

This year special thanks go to David Hinman who came each morning, Monday through Thursday, to work with the children in special sports areas. He developed basketball and soccer skills with the different age groups. Other sports were also enjoyed by the children, such as softball, kickball, badminton, and tumbling. Croquet was an added feature to this year's program.

Arts and Crafts were participated in almost daily. The younger children made things like spool animals, flibber trees, crayon rubbings, rock creatures, crayon resist paintings, and more. The older children enjoyed making collages, distorted pictures, and string designs on tag board and wood.

Some special activities were enjoyed; a scavenger hunt, a treasure hunt, and hikes. We also had visitors from the Cooperative Extension Service 4-H office who taught the children bread flower making, weaving and bike safety.

Our first trip this year was to Pawtuckaway State Park, where we enjoyed a picnic, games, swimming, and a greased watermelon game which ended in watermelon for everyone. Many parents donated their time to drive for this trip.

Our second week ended in the fourth of July, so we planned a small swimming trip to Bennett's Bridge on Bow Lake for Thursday afternoon, July 3. Parents drove for this activity also.

Our third trip almost didn't happen because enough drivers couldn't be found. A Concord Coach Lines Bus was hired at the last minute with supplies money, and we all enjoyed a fun day at York Beach and the Animal Park in Maine.

The final trip was one we will always remember. A bus again took us, this time to Lake Sunapee where we rode on the boat Mt. Sunapee II for a two hour lake tour. We ate our lunches on the boat, and both children and adults were allowed to steer this big boat!

Due to the shortness of our program this year, we were unable to get any Man Power workers until our last week. We were in desperate need of office

help, and I want to thank Diane Allen for coming to our rescue and doing this for the whole program.

I especially wish to thank all the mothers and fathers who made this program possible by donating their time and their cars when we needed them.

Respectfully,

Linda Gayer

REPORT OF THE FOREST FIRE WARDEN

AND DISTRICT CHIEF

Upon the recommendation of town selectmen and city councils, the Division of Forests and Lands appoints a forest fire warden and several deputy forest fire wardens in each town and city every three years. The town or city warden is responsible for maintaining a force of men and adequate equipment to suppress any wildfire that occurs in his town or city during his term of appointment. The fire warden must authorize all open burning when the ground is not covered with snow. No open fires can be authorized between 9 A.M. and 5 P.M., unless it is raining, without the additional permission of the state district fire chief.

Any person wishing to kindle an open fire when the ground is not covered with snow must first obtain a written permission slip from the forest fire warden. Camp and cooking fires also require the warden's permission.

The Division of Forests and Lands, through its Forest Fire Service, assists all cities and towns in meeting these requirements by training the warden and deputy forces in wildfire suppression tactics, making hand tool suppression equipment available at fifty percent of cost, supplying pieces of Federal excess property for use as fire attack vehicles and sharing up to fifty percent of the cost of wildfire suppression costs.

Wildfire prevention is also a joint state, city or town program. Smokey Bear is available from the Forest Fire Service for local fire prevention programs. Posters and Junior Ranger kits are available for distribution by local fire departments upon request to the Forest Fire Service. Each forest fire warden is expected to carry on a continuous wildfire prevention program within his town or city.

Burning permits for Northwood residents are available from Warden Carroll L. Bassett or Arlene Bassett (942-7725), or Deputy Leon Seward (942-5498). Please do not use the Fire Emergency number (942-8822) when information or permits are needed. Use this number only for reporting a fire.

REPORT OF THE FIRE CHIEF

The Northwood Fire Department responded to a total of 48 calls during 1975. These included:

<u>Northwood</u>	
Building Fires	6
Chimney Fires	7
Grass and Brush Fires	8
Vehicle Fires and Accidents	9
Reports of Smoke	7
Other calls	<u>6</u>
Total Northwood	43
 <u>Out of Town</u>	
Building Fires	3
Other calls	<u>2</u>
Total Out of Town	5
Total Calls	<u>48</u>

The Department noted an alarming increase in the number of calls where the person reporting the fire did not know the proper telephone number for the Fire Department. Time is of extreme importance in extinguishing fire and saving lives and property. All citizens should know the telephone number to report a fire. In Northwood this number is 942-8822. This number should be used only for fire emergencies. The Department's business number for non-emergency calls is 942-5498.

The Department has been working for the last two years to raise the fire protection rating in Northwood and thereby lower the fire insurance premiums. This was accomplished in the Spring of 1975 when the Insurance Services Office of New Hampshire raised the fire protection rating from F to E-3. The amount saved by each property owner will vary according to the type of policy and coverage. However, a homeowner's policy carrying \$25,000 in fire damage coverage would notice a decrease from approximately \$181.00 in premiums under the F rating to a premium of \$146.00 under the E-3 rating. This is a savings of \$35.00 each year. A policy with fire insurance only for \$20,000. would notice a decrease from \$152.00 to \$102.00 or a savings of \$50.00 each year. The insurance companies writing fire and homeowner's insurance in New Hampshire were granted an increase in premiums of approximately 12 $\frac{1}{2}$ % throughout the entire state during 1975 so a true reduction in insurance bills will not be seen. If the fire protection rating had not been raised, there would have been a large increase in insurance premiums. It is very difficult to tell exactly how much will be saved by the Town of Northwood as a whole each year since insurance coverage and premium figures are not available. A very rough estimate would be between \$25,000 and \$35,000 each year.

Donald E. Bassett
Northwood Fire Chief

NORTHWOOD BICENTENNIAL COMMITTEE

The Bicentennial Committee for the 1973 celebration was again active this year. We held several meetings and were present at many of our Town functions, and enjoyed continued sales of our commemorative items as our Treasurer's Report will show. Our inventory of items is now much smaller.

We continued to spend our funds to add more tables, chairs, rugs for entry ways, drinking fountains in ladies' and men's rooms, coat racks, chair caddies, file cabinets, sink in basement, and many other items to further furnish the new addition to the Town Hall.

The Bicentennial Committee is now ready to be dissolved (see Article in Town Warrant), and wishes to thank everyone that helped to make our accomplishments possible.

Respectfully submitted,

George V. Linscott, Chairman

RECLAMATION, RECYCLING AND DISPOSAL COMMITTEE REPORT

Reclamation sales money is turned into the Selectmen's Office once a month. Items sold are ones that often times have been disposed of, found by me and placed in the reclamation area. The rest of the items are placed in the reclamation area by the public. Public support has been a source of great pride. A grand total of \$1,709.84 has been turned in by your Supervisor of Reclamation, Recycling and Disposal, Jane B. "Sunshine" Morse. It has been most gratifying to the Northwood Rescue Squad to receive the money from sales of items designated for that purpose in the reclamation area. An adequate building is needed for the protection of good items.

Recycling of newspaper, separation of glass, and scrap metal sales were turned in with the reclamation sales money. Close to four tons of newspaper was tied or boxed in an old tractor trailer. Because the bottom had dropped out of the scrap paper market, it was donated to Cub Scout Pack 338 from South Berwick, Maine in October 1975.

Disposal of trash in open burning has been a total success. The Fire Department had to be called only a few times. Burning is done a maximum of once a week and a minimum of once every three weeks on Mondays. Farmers who have had livestock die put them in a trench and cover them over with earth. The general public who use the disposal area are most cooperative in throwing their trash over the bank. Tires are accidentally put in this area, then they have to be spotted and placed in the tire disposal area.

The summer hours are from June first to September 30th, which is the fire hazard time. Forest Fire Warden Carroll L. Bassett kept a close touch in regard to safe burning of the disposal area. District Fire Chief Clark M. Davis gave the open burning area a good standing report each time he turned it into the Selectmen. We received an open burning extension until July 1976.

One committee meeting was held and no funds were asked for in December.

Respectfully submitted,

Jane B. "Sunshine" Morse
Secretary

* Funded by State Agency for handicapped.

Funded as part of Joint Project under Title 1 for
Barrington, Northwood, Nottingham and Strafford.

& Also under contract to the district for additional work.

The enrollment by grades in the Northwood Elementary School at the opening of school was as indicated in the following.

Grade	1	2	3	4	5	6	7	8	Total
Number	38	39	50	31	32	52	32	42	316

In 1974, the total enrollment at the beginning of school was 325. The pupil teacher ratio as a whole was 22.5, which is very good. However, it must be pointed out that the enrollments in grades 4 and 5 are higher than the minimum standards for elementary schools permit.

Northwood pupils attending secondary schools at District expense were distributed as the chart shows.

<u>School Attended</u>	<u>Grade</u>				<u>Total</u>	<u>Tuition Rate</u>
	<u>9</u>	<u>10</u>	<u>11</u>	<u>12</u>		
Coe-Brown Northwood Academy	39	29	35	29	132	\$1,121.00
Dover High School	3	5	3	0	11	1,100.00
Dover AREA Vocational School	4	0	3	1	8	1,100.00
Oyster River High School	2	0	0	1	3	1,305.00
Total	48	34	41	31	154	

In addition to the secondary school pupils, there are two other pupils being educated outside the district. These are handicapped pupils for which provision may not be made within the local school facilities. One student is at Amoskeag and one is at the Concord Rehabilitation Center.

The chief problem with which the district is faced is that of providing suitable space, and sufficient space, for the programs it is operating. As directed by the last District Meeting, children with handicaps are being educated within the district in so far as possible. Educationally, this is not sound as it means that all programs being offered are "making do" with less than adequate facilities. There is no proper area for conducting the instrumental music program. The lessons are heard over most of the building and have a tendency to disturb classes. The Resource Area, because of its use for small group instruction, is no longer reasonably suitable for minimum exposure of the children to the training this area is intended to provide. The shop program lacks safe, well lighted quarters for its activities, which could prove to be dangerous to some child over the course of time. It is all very well to get by with what one has, but the point has been reached where there is a high investment in time, personnel, and effort, which produces a comparatively low return.

On the positive side, it should be pointed out that the pupils have many opportunities not often extended to pupils in schools of similar size. There is at least introductory development of skills in these activities. The pupils appear to be happy and well adjusted. They also seem to have some voice in making decisions which effect them directly at school. Their exposure to athletics and competition with neighboring schools has been good. School spirit and community support of the efforts of the children has been high, as evidenced by the continued support of the magazine subscription drive each year.

We wish to thank the School Board, the staff, and the pupils, as well as the community, for their continued support and cooperation.

Respectfully submitted,

Charles H. Morgan

PRINCIPAL'S REPORT

To the Northwood School Board and the Citizens of Northwood:

In the past year, we have continued to strive to improve the quality of education for every student at Northwood Elementary School.

We have initiated a system of mainstreaming, which has allowed us to make better use of our existing facilities. Our former library area has been transformed into a total learning center. Miss Barbara Barry is the Director, and she has five people working closely with her - a Special Education teacher, Speech Clinician, Learning Disabilities Specialist, and two Aides. The main responsibility of this program is to handle any learning difficulty that has been observed by the home room teacher. The youngster is referred to the Center and works with whichever teacher or Aide that handles his particular problem.

The rest of our program has been going along without any major changes.

The student enrollment as of January 5, 1975 is as follows:

Grade 1	-	36	Grade 5	-	31
2	-	40	6	-	53
3	-	50	7	-	32
4	-	31	8	-	38

These figures have varied from a high of 323 at the beginning of school year to the current student population of 311.

We have had quite a large turnover in teachers for this year. The new teachers are as follows:

Miss Becky Hackman, Level 3, is a graduate of Plymouth State College with one year's teaching experience in Hooksett.

Miss Gail Gustafson, Level 5, is also a graduate of Plymouth State, and is a beginning teacher.

Mrs. Pamela Thayer, Level 4, has returned to us after a two year's absence.

Mr. William Lambert, graduated from Plymouth State, and is teaching math in Grades 6 - 7 - 8.

Mr. Thomas Hall, graduated from Plymouth State, also, and teaches Social Studies in Grades 6 - 7 - 8.

Mrs. Linda Gayer is our new Aide in the Learning Center.

One renovation has taken place over the holidays. We have completed the accoustical work in the gym/auditorium area, which will allow us to utilize this area more effectively.

We have continued to maintain an active extra-curricular program for our students. This winter we have three coaches working with upwards of over 100 students in our basketball programs.

The graduating class of 1976 will be about 38 - 40 students.

In closing, I would like to thank the citizens of Northwood, on behalf of the staff at the school and myself for their continued support of quality education for our students.

I would also like to express my appreciation for the help given me by the Supervisory Union Office. Mr. Frank Black, the Assistant Superintendent, and Mr. Charles Morgan, Superintendent, have always been available when help was needed.

To the three members of our School Board, Mr. Robert Stout, Mr. Thomas Madson and Mr. Walter Jackson, my thanks for making this year a very productive year for the Northwood School. Without their backing and guidance, progress could not continue.

SCHOOL HEALTH REPORT

The health program for the year 1974-1975 was carried on in the usual manner with an annual physical inspection of each student by the nurse. When defects were noted, the appropriate referral and follow-up was made.

Vision tests	349	Height	342
Hearing tests	183	Weight	450
First Aid	267	Inspection	346
Home visits	10	(including head lice)	
Ill students taken home by School Nurse			18
Students transported to doctors or clinics			14

The students received the benefits of preventative dental care through several worthwhile programs. Nine students received dental care through Northwood Matching Funds. This money was made available through the generosity of the local P.T.A. and the Harvey Lake Woman's Club. Dr. Jay D. Clark, Pittsfield, was the participating dentist. One hundred and thirteen students responded to a cleaning and fluoride clinic held in May. Mrs. Claire Sklarin and Mrs. Linda Sawyer were the hygienists. Through a program supported and sponsored by the N. H. Bureau of Dental Public Health, the students in Grade 4 participated in a daily dry-brushing program.

Immunizations and Communicable Diseases

Number of students immunized (Rural Health Council Clinic)	29
Pediculosis	28
Impetigo	4
Strep throat cultures	47 (15 positive)
Mononucleosis	2

During the school year weekly visits were made to Levels 1 and 2. Health related classroom activities were planned. The 6th Grade completed a Basic First Aid Course. The 7th and 8th Grades viewed several films and slides as part of V. D. education.

Activities of School Nurse: participated in the P.S.V.H. Clinic sponsored by the local Lions Club, 131 students tested; showed V.D. slides to P. T. A.; attended workshops on Diabetes, First Aid, Drugs and Asthma.

Films on the following subjects were shown to the students in connection with the health education program for the year: nutrition, smoking, self awareness, personal health, dental health, birth defects.

I would like to express my thanks to the Superintendent, School Board Members, teachers and parents for their cooperation and support during the past year.

<u>THIRD TERM</u>	February 28, 1977 to April 22, 1977	40 Days
<u>FOURTH TERM</u>	May 2, 1977 to June 23, 1977	<u>38 Days</u>
		185 Days

DAYS OUT

October 11	Columbus Day
October 22	Teachers' Convention
November 11	Veterans' Day
November 25-26	Thanksgiving Recess
December 24-31	Christmas Vacation
February 21-25	Winter Vacation

Washington's Birthday Anniversary falls on February 21, which is during the Winter Vacation, and Fast Day falls on April 25, which is during the Spring Vacation.

The above calendar provides for 185 days of school. The equivalent of 180 days must be devoted to classroom instruction as a minimum. This calendar allows for either 5 full days for staff development, curriculum review, staff planning and the like, or for 10 half days. Days missed due to storms, etc., would need to be recovered either during vacation periods, or by extending the number of sessions. If the staff development program is to be effective, it would need to be operated as a part of the contracted school year.

This calendar is subject to revision by the School Board.
